

# XL Glass Window System

We're excited to introduce our new 48x60 glass windows, now available for both new and existing yurts. These larger windows flood your space with natural light and showcase breathtaking views. **Whether you're looking to upgrade or add them to a new yurt, contact us at (800) 944-0240 to learn more.**

## Benefits of Larger Windows

This 48x60 XL Glass Window System provides more expansive views of the outdoors! Enhanced ventilation improves indoor comfort, and the additional emergency egress provides extra safety and peace of mind. We're excited to offer this new window size to both new and existing yurt customers.
